Subject: RE: Screw Compressors and 40 CFR Subpart OOOOa

Hi Joe,

I'm no longer working on Oil and Gas at EPA, so I'm copying Amy Hambrick, who can help direct your question to the right people.

Thanks,
Lisa

Subject: Screw Compressors and 40 CFR Subpart OOOOa

I am writing to seek clarification regarding the regulation of Scree compressors uder 40 CFR 40 Subpart OOOOa. In the reference regulation, EPA issued the "Small Entity Compliance Guide for Oil and Natural Gas Sector: Emission Standards for New, Reconstructed, and Modified Sources". On page 24 of the referenced compliance guide, it states that Screw Compressors are not Centrifugal Compressors and as a result, they They would not be affected facilities. What I am looking for is the explanation of this EPA guidance and why Screw compressors are not affected facilities under Subpart OOOOa.
