Hello,

I just want to thank all of you for your very, very valuable time spent on the Malibu Causal Assessment Friday morning. I know you are all very busy folks, but your input was absolutely necessary and I feel we got to some very interesting and thoughtful discussions and options.

Plus, it was so nice to spend time with my favorite scientists where we can discuss freely all the pros and cons.

I'll be working through our options and will send you some of the results so you can see how things fall out.

Subject: Doc for Friday Malibu Causal Assmt TAG meeting

Hi,

Here are the documents for tomorrow's meeting:

1. Meeting Agenda
2. Stressor Identification highlights (summary) doc
3. Complete current draft Ch 9 Stressor Identification

If you plan to print anything out, I would recommend printing only the

first 2 documents for the meeting.

Mark: Since I'm getting this done late, I may need to print a few documents when I get there.

Cindy
