Steve and Daniel,

Please review the attached revised draft Stipulation to extend time for completion of the Malibu and Ventura River TMDLs. I tracked the terminology used in the 1999 Amended CD and 2010 CD Modification to describe the TMDLs, added a few 'whereas' clauses re the draft TMDLs, and made a few minor edits. The final language is still subject to DOJ approval.

Thank you again for agreeing to the extension.

Brett

Brett and Cindy,

Plaintiffs will agree to a 60-day extension for EPA to promulgate the Malibu Creek benthic macro-invertebrate bioassessment TMDL. I assume you will incorporate language to this effect into the current draft language extending time for the Ventura TMDL. Please let me know how I can be helpful in making sure this gets filed in a timely way.

Sincerely,
Steve
