Subject: OOOOa Well completion Notifications, BP Exploration Alaska, Planned July 2019

To whom it may concern:

BP Exploration (Alaska) Inc. (BPXA) herby submits initial notification for well completion operations subject to 40 CFR 60 Subpart OOOOa at the Greater Prudhoe Bay Field in Alaska. Per 40 CFR 60.5420a(a)(2)(i), notification is required at least 2 days prior to the anticipated commencement of each well completion operation.

The information required in 40 CFR 60.5420a(a)(2)(i), is provided below. Please note that the anticipated flowback commencement date provided is based on the current well intervention schedule, and is subject to change due to operational variability including but not limited to weather, equipment availability, and work-related delays.

Contact Information for the Owner or Operator
BP Exploration (Alaska) Inc.
900 East Benson Blvd.
P.O. Box 196612
Anchorage, AK 99519

Well Name	US Well Number	Longitude (NAD 83)	Latitude (NAD 83)	Planned Flowback Commencement Date
