Hi Nicholas,
That is a good question. It is not immediately evident to me if the facility record number is a permanently assigned ID or just a record for that year's report. I am copying Lisa Thompson from EPA HQ on this reply. I am hoping she can provide the direct answer for this.

Diana -

I am using EPA's template for OOOOa reporting and have a question. Once you assign a "facility record No." to a facility, does that facility record number need to be used for that facility in all future reports or can it change from year to year?

Thanks,
