Subject:	PENR 19-FRE-17; female admitted to hospital; remained in home after setting off insecticide foggers
Date:	Monday, March 20, 2017 5:23:44 PM
Attachments:	PENR 19-FRE-17.pdf

On March 17, 2017, an adult female remained in her home after setting off 6 to 8 insecticide foggers. She was transported to a local hospital and arrived a little lethargic, but awake. On March 19, she was admitted to the hospital with some airway irritation and reportedly a slow resolution of symptoms. Fresno County Agricultural Commissioner's office is investigating the incident.
