---

Richard,
since this is "early guidance" the power point that I sent over was reviewed by Dana and me. We did consider some of Matt's edits/comments, however at this point in time, the briefing needs to go out today so the regions can bring their RAs up to speed, given that the briefing is Thursday. We will always have the opportunity via workgroup to further clarify. Please send out the previous version. Thank you.

Maryann Petrole

Hi Maryann/all,

For your consideration, please see a markup of the briefing you attached that fully illustrates Matt's/PARM's original comments. I have highlighted the suggested additions in red font--and strikeouts in red italics and underlined. See the comments on pages 6,7,8,9 and 12.

Please let me know if you are all ok with these. Additionally, one comment on page 8 asks for a clarification.

Thanks!
