Hi,

The initial comment period began 4/18/14 and was to end 6/17/14. The added comment period for those wishing to comment on others comments, started at the end of the initial comment period (6/17/14) and ended 7/22/14. Now, both comment periods have been extended but the start of the added comment period has actually been changed because it cannot occur until the initial comment period ends. Therefore, the initial comment period (still started on 4/18/14) now ends on 8/18/14 and the added comment period starts on 8/18/14 and ends on 10/22/14. I hope this is clear. Please let me know if you would like further explanation.

I would not reference the day (5/23/14) that the extensions were granted. (See Jun's email below) This date occurs in the middle of the initial comment period and would just confuse everything.

More accurate perhaps to say:

Initial comment period 04/18/14 - 06/17/14 (extended to 8/18/14)
Added comment period 06/17/14 - 07/22/14 (changed to start 8/18/14 and extended to 10/22/14)

Hi Shelley,

Would you happen to know the answer to Jun's question below regarding the comment periods column. I called Marelyn but there was no answer. Please let Jun know ASAP for posting.

Thank you.

Marelyn/Sandy,

This draft permit extension is the Merrimack Station which already has two sets of comment periods. How do you want me updated the comment period dates column?

Like so?

04/18/14 - 06/17/14
06/17/14 - 07/22/14

(Extended: 5/23/14 –8/18/14)

Or

04/18/14 - 06/17/14
(Extended: 5/23/14 –8/18/14)

Or something else?
