Subject: EP Energy Dye 1-25Z2 Existing Source Registration

Claudia,

On behalf of EP Energy E&P Company, L.P., attached is the Existing Source Registration for the Dye 1-25Z2 site. This is one of the sites that I received verification of coordinates from you on June 12, 2019.

This site began production in 1982 and had been operating under UDAQ jurisdiction until late 2018 when it was rejected from CAERs when we registering small sources under the PBR program and we were notified by UDAQ it was no longer under their jurisdiction.

Please let me know if you have any questions.

Thanks,
Julie
