SUBJECT: Toxic Chemical Bioassay Report

Dear Mr. Craig:

Enclosed please find the Third quarter Toxic Chemical Bioassay Report # 15G1033 provided by Microbac Laboratories, Inc. for National Archives II., in accordance with the approved bio-monitoring plan, as required by permit NPDES MD00065871 and State Permit 09-DP-2904. The report, dated July 21, 2015, includes sampling from outfall 001 past the retention area on June 28 through July 2, 2015. During the sampling period there were two rain storm events that occurred that may have attributed to the results of report. Rain water runoff from the adjacent property may have contributed to the results of this current report. The results of the favorable Second quarter report did not involve a rain event.

As directed, a copy of this report is submitted for the Maryland Department of the Environment, Water Management Administration, Compliance Program, Suite 420, 1800 Washington Blvd., Baltimore, MD 21230.

Sincerely,

7/27/15

Donald Overfelt, NARA
Chief, Facilities and Property Branch
