Subject: Draft Presentation for NASTTPO Mid-Year Conference

Hi All,

I have put together the skeleton of the presentation for Kim to give at the NASTTPO mid-year meeting. I have filled in some of the areas, but many of them are left for all of you to fill in as you see fit. Please take a look, and anywhere that you can provide input, please send me the slides when you get a chance. I am also attaching the topics list for reference.

Armando, are the slides related to the RMP database still current, and will the log in still work if we push for them to try it out again?

I will be out of the office tomorrow and Friday, but back on Monday. Please let me know if you have any questions.
