I've not seen 60.19 used for extensions but it does say that - I don't see anything nefarious with using it. The region has the delegated authority. http://intranet.epa.gov/ohr/rmpolicy/ads/dm/7-122.htm

Hi Amy,

It's OK to grant and extension using 60.19(f)(2) correct?

Let me know if you agree and I'll handle this one!

Thanks,

Alex

60.19(f)(2) Notwithstanding time periods or postmark deadlines specified in this part for the submittal of information to the Administrator by an owner or operator, or the review of such information by the Administrator, such time periods or deadlines may be changed by mutual agreement between the owner or operator and the Administrator.

Hi Bret-

In Region 8, start with Alexis North cc'd and 303-312-7005. Alexis will be able to point you in the right direction.

Good morning Amy,

Thank you for the quick response. These wells are located in WY (Region 8). I am unsure which contact at Region 8 would be able to assist.

Thank you,

Bret

Hi Bret- Thank you for your inquiry. Please let me know where your facilities are located so that I can direct you to the appropriate EPA Regional office staff contact. For example, if you are in Texas, you will want to contact EPA Region 6.

Thanks,

Amy
