Thanks Darci.

May 4th works for us. Is 10am doable for you and your folks?

Hi Nicole,

I got mixed responses from our engineers on May 1st—how about May 4th?
There would be three or four of attending from Parks—the head engineer from the Palisades region, the head engineer from the Long Island region, me, and possibly the Manager of Capital Programs. We've been planning on meeting at 290 Broadway so your understanding is correct.

Hope you had a good weekend,
Darci

**Subject:** Scheduling a meeting

Hi Darci,

Unfortunately, April 30th will not work. Would the following day, May 1st work? If not, please provide a few other options that work for you guys and I'll sort out schedules here. It is our

understanding that you will be coming to NY Regional Office in Manhattan, but wanted to confirm that as well. Attending for EPA will be Doug, me and Lisa Kim (technical staff person).

Thanks.
Nicole
