Subject: RE: Next steps re submittal of City of Portola Ordinance #354

Hi Webster –

On our Aug 1 call, we discussed issues related to the submittal of the City of Portola's Ordinance #354, including the possibility of it being a consent item on the Oct Board calendar. Because of the complaint for injunctive and declaratory relief ("complaint") filed by the Center for Biological Diversity in late May 2019, we are very supportive of having the item on the Oct Board calendar so that we can act on the submittal in a reasonable time frame in the context of the compliant. Please let us know at your earliest convenience whether you were successful with getting the item on the Oct Board calendar.

Please call if you like to discuss.

Thanks

John Ungvarsky
Environmental Scientist
USEPA Region IX, Air Division
