Hi Davon, Since Jim is out on vacation I will reply to your question.

After the Record of Decision is signed in September, EPA will initiate negotiations with the PRPs for the performance of the remedial design and construction. Local disposal will be part of those discussions.

- Pam

Hi, Jim and Pam

Just wanted to follow-up regarding next steps for the local disposal negotiations.

Best,

-Davon

Jim and Pam –

Any update or thoughts on when you'll schedule the next call?

Thanks,

Gary P. Gengel

Jim –

Is EPA talking with NYSDEC about the (non) applicability of Subpart 360? Any sense as to when a call will be scheduled with the parties?

Thanks,

Gary P. Gengel

Subject: Lower Ley Creek: Presentation on Local Disposal Options

All,

As requested during the last call, attached is a short presentation showing the design and estimated costs for use of the North Landfill for the Ley Creek sediments. For comparison purposes, this presentation also includes the figures and costs presented in the proposal circulated by the Town of Salina on June 6.

We understand EPA will soon be scheduling a call to further discuss this matter and next steps.

Have a happy holiday,

-Davon
