Thank you Pam. We need to get you a rain check next time you are up in Syracuse, NY. What do you think of our proposal for the North Landfill?

Nelson

Subject: Crouse-Hinds Landfill visit

Hi Nelson, The EPA person who will be at the Crouse-Hinds Landfill site visit is Mark Granger. He is working with Rick Mustico on the capping of both the north and south landfills. I am only involved as it pertains to Lower Ley Creek and the local disposal option for the site.

Wishing you good weather for your site visit, Pam
