708229_Final Lower Ley Creek Proposed Plan 2014.pdf

;;;;;
This message was also sent to Luis Mendez, the City of Syracuse, the Town of Salina and the other PRPs. I had the wrong email address for you and it bounced back so I'm resending it separately.

Subject: The public comment period for the Lower Ley Creek site begins today!

Greetings,

The Proposed Plan for the Lower Ley Creek site has been released to the public and a public meeting has been scheduled for July 29th at the Town of Salina Town Hall. I have attached a copy of the Proposed Plan and if you click on the link below to EPA's Onondaga Lake Superfund Site webpage you will be able to access the RI, FS, FS supplement and the human health and eco risk assessments (click "Other documents" in the right column). If you need to view the remaining appendices to the RI/FS, they are available at each of the repositories listed on the cover of the Proposed Plan.

http://www.epa.gov/region02/superfund/npl/onondagalake/

Please let me know if you have any questions.
