kmurphy@wladislawfirm.com

We look forward to receiving the Lower Ley Creek information – we very much appreciate all you efforts in locating the relevant documents. While we look forward to meeting with you, we cannot at this time commit to a date since our availability will depend on when we receive the additional from you and the amount of time the Government will need to review that information.

Please let us know if there is anything else we can assist you with in the meantime,

Natalie N. Kuehler

Assistant U.S. Attorney

Subject: Ley Creek: Information and Data Requests

Dear Counsel:

Recently you both requested information concerning the dredging of Lower Ley Creek. The County has immediately available scanned electronic copies of what are identified as contract drawings. I will be forwarding those either via e-mail, if possible, or CD by absolutely no later than tomorrow (Lauren, I apologize for the delay).

The County is now undertaking a larger more global search for possible records. We anticipate finding more and being able to provide you with additional information, but it is a time consuming and tedious project (e.g., actually locating off-site or archived records w/o computer based indices, etc.) that is further complicated by existing schedules and commitments. All that being said, Luis and I believe we will be able to find, locate, secure and review any such records and provide you both with additional documents by approximately May 16, 2011. At this point, we would like to propose a meeting with each of you on or after that date to discuss whatever the documents reveal and the status of your separate, but very related, matters. If it turns out there are few if any documents or there is nothing to discuss, we can cancel any planned meeting.

Please let me know if the above is acceptable and if agreeable, possible dates and times for a meeting. If a joint meeting were possible that would be agreeable to the County.

Thank you.

Kevin C. Murphy
