Subject: **South Post Impact Area PFAS Sampling Documents**
Contract Number W912WJ-15-C-0038

On behalf of the US Army Corps of Engineers (USACE) New England District and the US Army Garrison Fort Devens, Renova is pleased to provide the following attachments:

1. South Post Impact Area Per- and Polyfluoroalkyl Substances Field Sampling Plan
2. Site Specific QAPP for LTMMP – PFAS Sampling Addendum

Please note that PFAS sampling of the requested SPM wells will be conducted concurrently with the 2017 annual LTM event which is scheduled to begin on 13 November 2017. As a result, we respectfully request an expedited review of the attached documents and receipt of all comments by 3 November 2017.

Please contact us if there are questions regarding the attachments.

Sincerely,
Renova Environmental Services, LLC

Stacey Felts-Bock
Senior Project Manager

Enclosure: As noted above
