**Subject:** Template for Merrimack Response to Comments

I have put two documents in the Q folder at: Q:\Groups\Merrimack Station\Public Notice Comments Response

Template_2 20 13.docx is a template for everyone to use to format their various chapters.

Chapter Example w Template_316B.docx is an example of a chapter I put together for the 316(b)-related comments.

When you create your subject chapter (e.g., 316(a)-based limits, FGD, et al.) the easiest thing to do is to open the template, copy and paste your material in, clear the formatting of your pasted materials, and reformat using the subject headings. Please be sure to save the document with a unique name so you don't overwrite the template.

I am certain there is an easier way to do this, but unfortunately it's the best I've got – I am interested for people would like to try putting some of their material into the template by our meeting next Thursday (Feb 28th) and giving feedback on its use. If you have any questions I will be around today and tomorrow and will be happy to help in any way I can, but out Friday through Wednesday next week.

Thanks so much!

Danielle
