Morning,

Attached you can find the Air Monitoring Map for reporting period #2, 11/28/2019 06:00 - 11/29/2019 06:00.

There were 111 locations with no exceedances.

Let me know if there are any edits to the map content or the text blurb.

There was no ASPECT data for this reporting period.

Thanks,

David Cook
