Subject: Additional materials for August 1 meeting
Attachments: mercury_2019fiscal.pdf; mercury_2019Rules.pdf; mercury_2019Rules_nomarkup.pdf

Willamette Basin Mercury Advisory Committee:

Attached please find the following additional materials for next Thursday's advisory committee meeting:

- **Updated rule language.** We have made a lot of changes to the rules, particularly the variance authorization rules, since the last advisory committee meeting, in response to comments from advisory committee members and EPA. The current version of the authorization language is shorter. I am attaching a redline and clean version of the most recent version.
- **Updated fiscal impact statement.** There were only some minor changes and clarifications to the fiscal impact statement in response to comments, which we will discuss next week.

For the August 1 meeting, we would like to focus on substantive comments that you might have. If you have any minor editorial or clarification comments to the attached or the variance document sent last week, please send those directly to me.

Please feel free to email or call with any questions.

Sincerely,

Aron Borok
