Subject: RE: pesticide program retreat

I got the impression from Jeff that he is not interested. He refers me to Kathy all the time.

I am not sure I get there concern about what Alexis wants... She wants a more vibrant and visible program. Similar to Jessica with DW, I am working with them and Enforcement to help guide the programs. There is room for their creativity, but they can't be passive. I have asked for an updated WPS plan (with ENF) for this FY.

Thanks for letting me know. I will continue to communicate the vision as best I can.

Subject: pesticide program retreat

Hey there, today's retreat is pretty interesting.

We need to some more work on internal comms, for sure.

Kathy suggested we put a briefing together for Jeff on the background dialogue AS has had with T6 advocates and including the Hawaii complaint. We do not want Jeff to be left out of loops ;)

Heard some need expressed for more of an info flow from AS as to what she's thinking. I suggested they think of you as playing a chief of staff role on the WPS/pesticides topic. Real clear that's not your title (want to be respectful of Jessica) but that you are and would do more on that front. All very good and everyone very engaged and wanting to do more.

I planted a seed for idea of x-exchange with Hawaii / CA, perhaps OPP peeps with Patti.
