Subject: FW: Sample Informal Resolution Agreement

Hi Andrew-

It has been some time since we last communicated, so I am sending this note to inform you that my office is anxious to move along our previous conversations surrounding informally resolving Title VI complaint 45RNO-16-R9. We have been working with HDOA and plan to have an informal resolution agreement with them ready for signature by the end of this month. We would like to resolve the complaint with ADC at the same time. Please let me know if you have any availability to discuss this matter as my Deputy Director, Dale Rhines plans to contact your supervisor to help facilitate this effort by weeks end.

Thank you,

Brittany Robinson

Hi Andrew,

I am sending this note to check the status of when ADC will be able to share the draft agreement language with EPA. Please let me know when you have a chance or if you would like to discuss anything in the interim. Thanks!

Subject: Sample Informal Resolution Agreement

Hi Andrew,

As discussed during today's call, I have attached a sample Informal Resolution Agreement in Word format. We look forward to hearing back from you once you have identified ADC's potential commitments and any feedback that you hear during the Board meeting. Let me know if you have any questions or need anything else.

Thanks!
