Dale has this been assigned to us yet? Joe said he would look into it but we have heard back right? I think we need to start working on it. Let's schedule a meeting to discuss options for responding. Then we can meet w Joe to discuss and recommend a response option. This is tricky and an extensive response to the Q of jurisdiction makes me a little nervous.

Can we schedule a time to discuss? Dale could you please share a copy of the incoming letter again? Thanks!!

Amy/Sylvia –

The letter attached and included below was controlled to Region 9 earlier today for development of a response. Sending to each of you as it mentions "agriculture" and also "jurisdictional rulings". Was not sure who would be in the best position to draft a response back to the Congressman. When you get a chance to review, can you let me know who I should control this new incoming letter to in Region 9. Our response would go out under RA Mike Stoker's signature since the letter was controlled to Region 9.

Mr. Troy Lyons
Associate Administrator for Congressional and Intergovernmental Relations
Environmental Protection Agency
1200 Pennsylvania Ave N Rm 3426

Dear Mr. Lyons:

I am writing for clarification of the Environmental Protection Agency's (EPA) jurisdiction over the State of Haw
Agribusiness Development Corporation (ADC).

The State of Hawai'i created the ADC in 1994 to help transition Hawaii's agriculture industry away from one do
sugar and pineapple to one based on a wide variety of crops. The ADC is a state agency overseen by an indepen
member board of directors. Though it is administratively attached to the State of Hawai'i Department of Agricul
(HDOA), HDOA does not administer or fund the ADC. The ADC receives its own funding directly from the sta
does not receive any federal funding.

The ADC recently received contradictory rulings regarding its status as an agency for purposes of laws and regu
administered by the EPA.

· The EPA believes it has jurisdiction over the ADC because of the ADC's administrative connection to the HD
event, the EPA maintains that the ADC needs a Title VI program.
· The HDOA does not believe the administrative connection makes the ADC part of the HDOA. The HDOA bel
ADC's independent oversight board makes it a separate entity that cannot access the HDOA's Title VI program f

These different rulings have left the ADC in limbo especially as to Title VI. To help resolve these contradictory
your agency please provide a written response to the following questions:

· Can the EPA have jurisdiction over the ADC if the organization does not receive any federal funds?
· Did the EPA consider the ADC's independent eleven member board of directors when maintaining its jurisdicti
ADC?
· If the ADC is under the EPA's jurisdiction because of its administrative connection to the HDOA, should the A
have access to the HDOA's Title VI program funds?

Thank you in advance for your assistance in clarifying the EPA's jurisdiction over the ADC. Should you need an
information about this matter, please contact Mitch Heidenreich at (202) 225-2726 or Mitch.Heidenreich@mail.

With aloha,
