Great. And if there's a way you could pass this best practice along to the rest of ECRCO, that would be awesome. I don't want to call you out or anything, but it somehow has to be communicated that the standard practice is to inspect a document and remove metadata before it goes out. Thanks!

I did not do a scrub, but now I know to do that for the next time. Thank you!

Hey Brittany,

Out of curiosity, did you inspect the document and remove metadata before sending to Delanie? I ran the "inspect document" feature in Word and it said there were still comments that hadn't been scrubbed. Though they may not be visible, a crafty wrongdoer could figure out a way to see our comments unless they're cleared. We're probably/hopefully okay here, but you never know!

Best,
--Adam

FYI-

I updated and shared the updated draft agreement with Delanie. I believe she is back in the office this week, so I will wait to hear back from her so I can schedule a call to walk through the proposed commitments.

Hi Delanie-

EPA has reviewed HDOA's draft agreement and plans to share our proposed language with you no later than August 30th. I know that we are coming upon a holiday weekend, but I wanted to check to see if you have any availability on either September 6th or 7th. The purpose of the call would be to walk through the agreement and to identify any potential issues. Please let me know when you have a chance.

As an aside, I heard that there is a hurricane heading towards Oahu, I hope everything is okay.
