I checked with Charles and he doesn't think it's necessary to have FPS in the office on Friday. Thanks for reaching out to them. If circumstances change I'll have them on speed dial on Friday.

The employee's name is Michael Stoker. I've added Steven Leonido-John, he's the Director of our LA Office I believe you may have met him. Steven has the last say on this, Steven?

Thank you for your quick response.

Good Morning Inspector Lai,

The Regional Administrator for EPA has been terminated as of today and is expected to arrive around 12 noon at the EPA Southern CA Field Office at 600 Wilshire Blvd on Friday 2/7/20 to collect his personal items and sign some documentation. If for any reason the situation escalates should the local office call dispatch DMC or may they call you directly? I am currently checking with the LA Office Director to see if he would prefer to have FPS on stand-by (not visible but within the area) in case any problems arise. Is that something I need to arrange through you or via the DMC? Please advise.

Thank you.
