I spoke to Alec and they have not yet formally responded to the County, but are tentatively planning to call the 401 application incomplete and request further data. I requested that they not formally respond to the County until we have a chance to talk with them about processing the application and he agreed. We need to set up a call with Alec and his staff and folks here, preferably Tues or Wed next week. Could you check with W5 and others (Wendy, Hudson?) to find a time next week so I can forward options to Alec? Thanks.
