SUBJECT: Status of Your Proposed Expansion EAW

Dear Mr. McGowan:

The Minnesota Pollution Control Agency is reviewing the draft environmental assessment worksheet (EAW) concerning your proposed expansion at the Freeway Landfill site. Concurrent with your proposal, the MPCA is preparing EAW's for three other landfills in the seven county Metro area. It appears that the Minnesota Environmental Quality Board rules concerning related actions could apply to these four proposed landfill expansions. Consequently, MPCA Board action has been delayed until the November 27, 1979 meeting.

The EAW for your proposal and the staff recommendation will be provided to you at least 10 days in advance of the Agency Board meeting. Time will be provided for you to address the Board if you so desire. Please contact me concerning any questions or if I may be of any assistance to you.

Sincerely,

Dale E. McMichael
