---

As a member of the White Team and based upon your availability, you're requested to attend a Hurricane Harvey briefing on the 8th floor REOC Monday (8/28) at 0900. We need to begin preparation activities for potential mobilization to the coastal area of Texas. This IS NOT a activation for actual deployment but we need to begin activities to ready ourselves in case we are mobilized. Some of you on the "To…" list are not actually slated for the initial mob Team but I wanted to include as you will most probably be needed in REOC activities.

This a very fluid event and continues to develop. Let's be ready to "Shine".
