FEMA ICS FORM 202 INCIDENT OBJECTIVES	1. FEMA Disaster Number: FEMA-4332-DR-TX	2. Date/Time Prepared: 09/12/2017 1700 CDT

4. Operational Period: 09/13/2017 0700 CDT to 09/14/2017 0700 CDT

5. General objectives for the Incident:

Objective Number	Description
1 a	Promote a culture of safety across affected areas by adhering to best practices and other guidelines.
2 b	Promote the health and wellbeing of survivors.
3 b	Provide timely communications, coordination, and ensure the completion of obligations to local, state, and federal partners.
9 a	Provide for the efficient delivery of mass care services in order to accelerate recovery.
4 a	Restore critical infrastructure to pre-disaster or improved levels in order to support continuity of services.
7 c	Ensure survivors have adequate information on the myriad of rebuilding and recovery options available to them.
10 a	Implement housing solutions that effectively support the needs of the whole community and contribute to its sustainability and resilience.
11 a	Obtain the full extent of damages and other impacts to survivors and assist communities with hazardous debris removal.
15 a	Conduct mitigation education and outreach and identify measures to manage hazards and reduce future impacts to people and property.

6. Weather Forecast for Period (Only if significant to Operations)

River Flooding:
The Neches River at both Saltwater Barrier and Beaumont in Jefferson County is expected to drop below minor flood stage this morning. This leaves the Sabine River at Deweyville in Newton County as the final river forecast point within minor flood stage, where minor flooding is expected to continue this operational period. Elsewhere, rivers have receded and returned to their channels.

Harris County Branch and Branch II:
No precipitation is expected this period. High temperatures will top out in the middle 80s to lower 90s, with heat index values increasing into the lower and middle 90s. Overnight low temperatures will range from the middle 60s to lower 70s. Winds will be from the south at speeds of 5-10 mph, with few gusts around 20 mph possible in the afternoon. Anticipate Visual Flight Rules for air operations.

Branch VI and Branch III:
No precipitation is expected this period. High temperatures will top out in the upper 80s to middle 90s, with heat index values increasing into the middle and upper 90s. Overnight low temperatures will range from the upper 60s to middle 70s. Winds will be from the south and southeast at speeds of 10-15 mph, with gusts around 25 mph possible. Breezy conditions may last into the overnight hours, especially near the coast. Anticipate Visual Flight Rules for air operations.

7. General/Safety Message

Update of nurse telephone:

The Federal Occupational Health Clinic is now open:
Hours: 7 AM - 7 PM
Location: Next to the Safety Office north end of store
Phone: 210-480-0974

Rest is essential. Be part of the solution, not part of the problem. Get your rest.

Heat Stress

Excessive heat presents a serious hazard for employees, especially when coupled with high humidity. When the body is unable to cool itself by sweating, several heat-induced illnesses such as heat stress or heat exhaustion and the more severe heat stroke can occur, and can result in death. High temperature and humidity, direct sun or heat, limited air movement, physical exertion, poor physical condition, some medicines, and inadequate tolerance for hot environments are all factors that can lead to heat stress.

If a worker is exhibiting the signs or symptoms of heat-related illnesses (excessive sweating, cramping, headaches, nausea and weakness), summon emergency medical services at once. While waiting for help, move the worker to a cool shaded area. Loosen or remove heavy clothing. Provide cool drinking water. Fan and mist the worker with water.

MESSAGE:

FEMA is committed to providing effective communication to survivors. Sometimes accommodations and modifications are required to ensure equal access and equal opportunity to all FEMA programs.
Here are some examples of accessible communication modalities you may need to provide:
- Language or American Sign Language interpreters
- Assistive listening devices
- Materials in large print or Braille
- CDs or thumb drives with documents used or provided
- CART (Communication Access RealTime Translation)

Remember there are many types of disabilities and therefore, many different types of access and functional needs that survivors will face on a daily basis.
Disability Integration Advisors are available to provide guidance and assistance to ensure all of our efforts are inclusive of the whole community.
Reasonable Accommodation Requests
Disability Integration American Sign Language (ASL) Interpreters are available to assist with communicating with survivors while in the field.
As soon as possible in advance of the time the interpreter is needed, contact Carole Stevenson (email carole.stevenson@fema.dhs.gov or 202 709 2297 text or voice) with the date, time and location of the event or meeting.

IF YOU ARE IN AN ACCIDENT

Below are some tips for handling and reporting any accidents that occur while you are driving a rental car, a government-owned or leased vehicle, or personal vehicles while on official sanctioned FEMA business.

1. Check for personal injuries to other parties and yourself and call for help if necessary.

2. Contact the local police if applicable.

3. Don't move the vehicles unless the cars are obstructing traffic flow.

4. You should NOT make any statement that admits guilt or fault to anyone, or make statements as to paying for damages.

5. If a police officer asks you for proof of insurance, provide the officer with the insurance card for the rental car. Additionally, you can hand out the accident brochure that is available from the Safety Office that provides information and lists contact numbers for FEMA's claims specialists.

6. Don't provide the other driver with your personal insurance information. Instead, provide the other driver with the following claims contacts

FEMA Office of the Chief Counsel.
Jacqueline A. Nantier
Senior Claims Specialist
Office of General Counsel
FEMA
500 "C" St., SW Suite 840
Washington, DC 20472
Phone: 202.646.7397
Fax: 202-646-4114
Email: Jacqueline.nantier@dhs.gov

Margaret Ramos
Senior Claims Specialist
Phone: 202.646.4326
Fax: 202-646-4114
Email: Margaret.ramos@dhs.gov

7. Write down the other driver's information, including: name, address, phone number, insurance information (including policy number if available), driver's license number, state where the driver's license was issued.

8. Contact the following individuals: The Safety Officer, The Security Officer, your Supervisor and your rental car company if applicable.

9. Complete the rental car company's accident report. Complete Standard Form (SF) 91 Motor Vehicle Accident Report. Your supervisor must sign the report to verify that you were operating the vehicle within the scope of your employment. Make sure you attach a copy of the rental contract and any available police report, pictures and any reports you made to the rental car agency.

PREVENTING CAR THEFT & BREAK-INS

- Never leave your car running or the keys in the ignition when you're away from it, even for "just a minute."
- Always roll up the windows and lock the car.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or at least out of sight.
- Park in busy, well-lighted areas.
- Carry the registration and insurance card with you.
- Don't leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave just the ignition key with the attendant. Make sure no personal information is attached.

WHAT ABOUT CARJACKING?

Carjacking—stealing a car by force—has captured headlines in the last few years.

Statistically, your chances of being a carjacking victim are very slim, and preventive actions can reduce the risk even more.

- Approach your car with the key in hand. Look around and inside before getting in.
- When driving, keep your car doors locked and windows rolled up at all times.
- Be especially alert at intersections, gas stations, ATMs, shopping malls, convenience and grocery stores—all are windows of opportunity for carjackers.
- Park in well-lighted areas with good visibility, close to walkways, stores, and people.
- If the carjacker has a weapon, give up the car with no questions asked. Your life is worth more than a car.

BEWARE OF THE "BUMP-AND-ROB"

It works like this. A car, usually with a driver and at least one passenger, rear-ends or "bumps" you in traffic.

You get out to check the damage.

The driver or one of the passengers jumps in your car and drives off.

If you're bumped by another car, look around before you get out. Make sure there are other cars around, then check out the car that's rear-ended you and who's in it. If the situation makes you uneasy, stay in the car and insist on moving to a police station or busy, well-lighted area to exchange information.

Keep in mind that if you're a driving a FEMA rental car, the police must be called to take a report if there is damage or injury.

Submitting the Accident Report

The FEMA driver must complete the SF91, "Motor Vehicle Accident Report" and attach supporting documentation.

Be sure to:

- Sign and date block 71a and 71b.
- Use a permanent (not temporary) home address and phone in "Section VIII – Extra Details".
- Have your supervisor fill out block 81a, 81b, 82a, 82b, and 82c.
- Attach legible copies of the following:
  - Rental agreement
  - Rental agency accident report
  - Police report, if applicable
- Maintain a copy of all documents for your personal records.
- If requested by FEMA's Office of Chief Counsel, digital photos and/or a SF94, "Statement of Witness" may be required.
- Provide the Disaster Safety Officer with a copy of the Accident Report and supporting documents.

The Safety Officer will fax and mail a hardcopy of these to the Office of Chief Counsel.

If you are contacted about the accident or payment, by anyone other than the rental company, notify:

Vehicle Accident Reporting

For a Government Vehicle

Vehicle Accidents

Many FEMA disaster employees use rental vehicles on a daily basis to perform their work. These "Government vehicles" may be used only for the conduct of official agency business, which includes traveling between a temporary duty station and temporary residence and similar places necessary for the sustenance, comfort, or health of the employee.

When a vehicle is used for official purposes, the government covers the employee for accident liability and worker's compensation. This policy covers GSA vehicles, rental vehicles, and personal vehicles while on officially sanctioned FEMA business.

Unauthorized use of a rental vehicle is considered personal use and is not considered to be "official travel" or "official use of the vehicle."

When an Accident Occurs…

If you should get in a vehicle accident while on official government business, follow these procedures.

What You Should Do

- Check for personal injuries to other parties and yourself and call for help if necessary.
- Write down the other driver's information to include:

  Name Address
  Phone number
  Insurance company
  Policy number
  Driver's license number
  The state where the driver's license was issued

- Contact the following individuals:
  - The local police, if applicable
  - The Disaster Safety Officer
  - The Security Officer
  - Your supervisor
- Notify the rental company and complete their accident report. Keep a copy to attach to your FEMA report.
- A claims representative may contact you to review the accident report you submitted or to take a formal accident statement. Under the terms of the government agreement, you are required to cooperate.

What You Should NOT Do

- Make any statement which admits guilt or fault to anyone.
- Move the vehicles unless they are obstructing traffic flow.
- Provide the other driver with your own personal insurance information.

Contacts at the Office of Chief Counsel

Provide the other driver with one of the following business contacts:
