Carlos – this really puts the hotel/meeting space planning in jeopardy. Meaning there may now be additional cost to be incurred by EPA.

I should have been notified in April or as soon as it was evident that the review was going to slip.

Sorry Amy, but we will not be ready in November to present the San Jacinto site.
The Corps of Engineers report that we were expecting in April is now planned for early August. That report is very critical for determining the preferred alternative for the site.
It appear that early 2016 would work best for us.
Again sorry for moving our presentation again. CAS

Hello everyone – We were able to secure hotel and meeting space for these reviews. Portland Harbor will be Wed.-Thurs., Nov 18-19. Please let me know which day you would like for your review – Mon. Nov. 16 or Tues. Nov. 17. Also, please send me the site charging numbers.

Friday Nov. 20 is not an option.

This seems like a long way off but I need to get the info out to everyone so they realize our travel day is Sunday. Not to mention the HQ paperwork needed because we are using hotel meeting space instead of EPA space.

Thank you.
