I put a folder on your chair which hopefully will answer the legal description questions. I'm not sure about the Falcon documents though, since it's hard to match up with anything on the map.

Please let me know if you want me to continue looking further. There are a few older documents on the County Clerk website that are currently unavailable because they are "being redacted." Not sure how long that process might take.

Thanks,

Thanks Sharon,
Just let me know when you can get back to the legal descriptions.

Hi Lance,

Just an update on your project. I think I pretty well have the CD together with the PRP search info, but need to go over it one more time. I'm still working on the legal descriptions you asked for. Got sidetracked on another project, but should be able to finish soon. Please let me know if this is a problem. Otherwise, I'll get it to you in a day or so.

Thanks,
