Attachments: 2018-11-19 - OCII and SFDPH Talking Points.docx

Hi John and Lily,

Just wanted to provide some notes from our short call today:

-The Chronicle has asked SFDPH questions about cancer rates in the Bayview. Rachael committed to sending EPA their response once they send it to Jason/Cynthia.

-SFDPH said that they had completed air and water testing for Building 606. There was some confusion over what Rachael knew about the soil testing and the update from Lily. Rachel thought that the only new soil samples were taken by the police department from the soil pile behind the building (and not by SFDPH). Rachael/Amy weren't aware that Mark had asked EPA to independently review anything. It seems like it would be good to check in on this during the next call.

-SFDPH/OCII did not have any update on District 10 Supervisor-elect Walton, but anticipate that there will be a meeting with him and City departments on HPNS in the future.

-SFDPH/OCII did not have an update on the Navy's request to move the SF Shipyard HOA meeting to 12/12, and thought that it might have been postponed until January.

-OCII said that no one has received materials to review from presenters for the 1/28 CAC meeting.

Let me know if you have questions. Thanks!

Subject: Talking Point's for Today's 12:15pm Call w/the City

Hi Angeles,

Attached are talking points for today's call. I believe that only Amy and Rachel from SFDPH will be joining us today. I will bring hard copies. Thanks!
