Subject: Navy draft report - data evaluation Parcels B & G
Attachments: Draft HPNS Report_Parcels B and G Soil_092917.pdf

Dear NRC colleagues,

The Navy has sent out its draft report with results from its data evaluation of Parcels B and G. Please see attached. This has been sent outside of the Federal government for review by state and city regulators. So it is not an internal draft.

Pat Brooks is the Navy lead on the team that produced this, and I am resending his contact information below. And of course you can always contact me any time.
