Great! This won't have the end-of-biennium crunch since the funding is coming from the atty.

Thanks Melissa. I contacted the attorneys and made a site visit last week. My intent is to get them pricing by the end of the week.

Cheers

Subject: William and Natacha Sesko

My name is Jeanie and I work at the law office of Neil & Neil, P.S. Our office is assisting the PR/Guardian with William Sesko probate, and the Guardianship of Natacha Sesko.

Back in January 19, 2010, Kyle Watson from your company submitted a couple of bids to remove two large tanks that are on the beach, located at Port Washington Narrows to the west of the Warren Avenue Bridge adjacent to 1701 Pennsylvania Avenue, Bremerton. Attached is a copy of that bid as well as current pictures of the two tanks. These tanks belong to the Seskos.

The Department of Natural Resources is anxious to get those tanks removed, and we have received Court approval to try and have the tanks removed. Would you please have someone from your company review this file, check out the tanks and provide us with a current bid and several options to have the tanks removed.

If you need additional information from us about the tanks, let me know and I will see what I can find.

Thank you for your assistance.
