Thanks, I'm still waiting to hear back from our atty on the Sesko pontoons. We had one atty leave and the rest have picked up his workload so things have slowed a bit over there. Meanwhile, we are working on a plan for buoy & vessel removal out of Eagle Harbor this summer and will keep you in mind for that. Also, Gig Harbor PD is working on a plan to clean up their harbor so I was planning to give them your number.
Melissa
