Haile,

These are excellent and they look very appropriate for publication.

Thank you for all of your work on this!

Hi Haile,

If not too late or too much trouble a couple of additional suggestions for the two contour maps (and sample location map as appropriate in your judgement):

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

If these don't work for you, I understand.

Thank you very much John,

I am hopeful we can do additional analysis and mapping for the other data sources.

Best,
Haile

Good morning John,

I will add the airport and wind rose to the maps. When did you collect the soil data?

Best,

Haile

Hi Haile,

I have another ask. Would you mind preparing a map showing the soil sample locations and numbers, Solvay, and Chemours?

Ex. 5 Deliberative Process (DP)

So you know what I am hoping for all your great efforts, the journal allows a maximum of six figures/tables in their papers. I am writing the manuscript with your maps being two of the six paper figures Ex. 5 Deliberative Process (DP)
Ex. 5 Deliberative Process (DP)
Ex. 5 Deliberative Process (DP) still hope to have a manuscript and SM drafted the end of this week or next.

I will have EPA email turned off most of the day to minimize writing interruptions. Feel free to text me if you need to communicate Ex. 6 Personal Privacy (PP)

Thanks,
John
