Jared,
I understand that the CA Dept. of Public Health issued the recall <http://www.cdph.ca.gov/pubsforms/Documents/fdbFrAME1n.pdf>on Wednesday. FDA issued a recall<http://www.fda.gov/Safety/Recalls/ucm315116.htm> for a different brand of licorice two weeks before. We do not have jurisdiction. However, in a related note, we did issue a grant to UNLV to track lead in candy from imported candy. This appears to be domestically manufactured. Max Weintraub and David Tomsovic are the staff involved.

Does EPA have a role?
