I will call to discuss. I would love to include water with this but maybe too ambitious.

Subject: Draft of NJ Targeted soils data report
Importance: High

Attached is a first draft. We promised this to Nidal by tomorrow so your prompt attention is appreciated.

John, you'll note I changed from pg to ng to be more consistent with other reports.
Tim—I assume this goes to Erica Bergman, right?

There are some yellowed items. Pay particularly close attention to those because they are probably not correct.

I do not have any documentation for when samples were collected. I would love a copy of the CoC forms.
