Subject: Fw: For Review and Decision - Additional Carpet Samples

Jared,

We have to submit our choices today. The Alexis, Teddy, and I prefer option A (see attached) for the carpet. If you concur, we will send a memo to HQ stating option A and (as we agreed in our conference call with the designer):

- Alternating color patterns on the floors (green/blue on odd floors, and red/blue on even)
- Orange scheme for the 1st floor conference center
- Green theme for 11th floor training center, cyber cafe, 3rd floor breakroom, and
- Green and purple for the fitness center
-

If you have a chance to chime in on the carpet, please do so. Otherwise, to meet the deadline we will go with Option A (majority).

Thanks,

Tom McCullough

Subject: For Review and Decision - Additional Carpet Samples

Jared-

Attached is a PowerPoint file with photos of the original carpet sample you saw last week and the three additional options provided by MAP. All of the new options tie into the existing color scheme selections.

Tom and Alexis shared these samples with SMT today. SMT was evenly split between Options A and B. Option C was rejected by all as a slightly less busy version of the original proposed carpet.

MAP and Headquarters have requested that we finalize our carpet selection by COB Tuesday so that MAP can complete the color and finish package for submission to GSA. **Please let me know your decision on which option you'd like the Region to proceed with.**

Thank you.
