Subject: RE: Draft slides for Tim Watkins
Attachments: 200224 New Jersey executive summary .pptx

Hi Caroline,

I am attaching the New Jersey-Region 2 draft executive summary slides. I have modified these slides according to your helpful review below. If you think they are ready to send forward, please feel free to do so.

When Tim looks at the slides, to be clear, the intent is for Tim to delete slide 1 after he looks at the "tips." Then edit/use/discard the rest of the draft slides according to Tim's preference.

Regarding travel to Region 2, I can do this if Tim thinks it is helpful. So everyone is aware, this might delay my responding to the reviews of the accepted Science manuscript by the same number of business days as I am on travel.

If it is decided I should travel, can someone assist me with organizing this? And I suppose I should submit draft slides for my technical presentation for review soon, right?

Thanks,
John

Hi John,

You did a great job simplifying the slides, and I like the notes to Tim on the first slide.

Ex. 5 Deliberative Process (DP)

Thanks,
Caroline

Caroline,

The attached draft slides are ready for your review before sending on to Tim Watkins. I had Andy Lindstrom correct the ancient history. The first slide is just background for Tim to be deleted before the actual presentation. 11 presentation slides, plus the front and back covers.

Thanks,
John

Subject: Draft slides to begin review, but "Study Background" is being checked by Andy Lindstrom now

Hi Caroline,

I have the draft executive summary for Tim Watkins at 11 slides now, plus front and back covers. The slide called "Study Background" is being checked by Andy Lindstrom now. I will send you an update when Andy sends me corrections.

Thanks,
John
