Oops, I forgot to loop in my EPA colleagues who are also part of the US Delegation. Marianne and Amanda, see communication from Marcelo Korc from PAHO below.
Ted

Hi Marcelo,
I am heading off to a conference out of my office, but am passing on your message with interest in meeting our US delegation while in Geneva at the WHO conference to two other EPA colleagues who will also be attending the meeting for their information.
I suspect the most practical way to set something up will be on the ground in Geneva, since we have many pieces in our schedule.
Hope that works,
Regards,
Ted

Dear Ted, I attached the current list of participants that have registered to the conference. Since I have been appointed Unit Chief last week, I would like to set up a meeting with the US delegation during the conference to explore future collaboration between PAHO and USEPA. Would that be possible? Thank you. Kindly, Marcelo
