Subject: Internal Solicitation Announcement for Assistant Regional Administrator, Region 8, Office of Ecosystems Protection and Remediation

Internal Noncompetitive Senior Executive Service Solicitation

This is an internal solicitation for interest in an EPA Senior Executive Service (SES) position. Interested applicants should review the attached summary of the position and forward an electronic resume that clearly describes current and past work history and reflects your qualifications for the position.

Announcement Type: Reassignment or Appointment to the SES

Title of Position: Assistant Regional Administrator
ES-0340-00

Location: Office of Ecosystems Protection and Remediation

Region 8
Denver, CO

Announcement Opens: November 28, 2011
Announcement Closes: December 16, 2011

Who May Apply: EPA employees who are career members of the Senior Executive Service (SES) and career EPA employees who are graduates of a certified Federal SES Candidate Development program.

Program Contact: Aurelia Feaster, Executive Resources Division
Email: pugh-feaster.aurelia@epa.gov
Telephone: (202) 564-0402

Position Summary

This position serves as the Assistant Regional Administrator (ARA) for the Office of Ecosystems Protection and Remediation (OEPR) in Region 8.

Serves as a member of the Region 8 Senior Leadership Team and is a key advisor to the Regional Administrator and Deputy Regional Administrator in matters pertaining to ecosystems protection and remediation. Demonstrates exceptional commitment to working across organizational boundaries. Directs the actions of the Office, including the completion of major projects and activities; program coordination with internal and external organizations; determining or recommending partnership-building and communication approaches with states and tribes; and obtaining environmental results by collaborating with federal agencies, states, tribes, and other partners.

Ensures organizational planning, budgeting, extramural resources management, and financial accountability. Directs the evaluation and measurement of the work of the Office, and the day-to-day operations of the program, interpreting rules and regulations, and providing review of plans, actions, and projects proposed by states, tribes, and localities. Performs the full range of leadership and management duties associated with supervising a large group of EPA employees

organized into appropriate work units. Currently, this position supervises 17 subordinate supervisors, with over 150 federal employees.

This position provides leadership for:

1. Cleanup of sites contaminated with hazardous substances or oil, under CERCLA and the Clean Water Act, and restoring areas to productive use, including remedial, removal, federal facilities, and Brownfields programs.
2. Protection and restoration of watersheds under the CWA and SDWA, through implementation or oversight of water quality standards, total maximum daily loads, non-point sources, wetlands, and source water programs;
3. Preparation, review, and rating under NEPA and CAA 309a environmental impact statements from other federal agencies for major federal actions, including energy, water supply, transportation, and land management projects; and
4. Emergency response and homeland security efforts, including preparing, planning, and training to respond to incidents of national significance involving releases of biological, chemical, or radiological material as well as response to natural disasters.

Application Process

Interested applicants should send a resume via email directly to: pugh-feaster.aurelia@epa.gov, no later than Friday, December 16, 2011. The subject line of the email should read "**Internal Agency Noncompetitive SES Solicitation – R8/ARA, Director Office of Ecosystems Protection and Remediation".** The email should clearly state the position you are requesting consideration for and a resume must be attached. Applicants will receive a reply notifying them of receipt of their resume. Once the announcement closes, all resumes that were received by the closing date will be forwarded to the selecting official for the vacant position. Because this is a noncompetitive process, interviews are not mandatory; therefore, you may or may not receive an interview. A determination regarding the selection for the vacant position is requested to be made within two weeks of the program's receipt of the list of eligible candidates; however, the determination may take longer. Please contact Aurelia Feaster at (202) 564-0402 if you have any questions regarding the announcement or application process.
