Jane: I had time to let Jared look at what's in the current Strategic Plan (the 3 bullets) and what's in the June version of the specific Marine Debris Strategy. Jared would like for the Marine Debris Team to have a look at the Strategic Plan, and especially the Geographic Focus Areas, and revise the June Marine Debris Strategy to complement the other Geographic Focus Areas. The Focus Areas that have received the most editorial attention are the SJV Plan and the Hawaii/Pacific Islands Plan. Bringing the Marine Debris Strategy into alignment may mean a lot or a little change, as the Team sees fit. If you could ask the Team to put heads together about it and let me know what a reasonable due date is for a new document or a recommendation, I'd appreciate it.

LM

We have several bullets on page 18. Is this sufficient? Are you wanting this expanded? Moved to a separate section?
