Hello Mr. Peacock,

Thank you for taking the time to help me out. Here is the info you asked for.

Blake Hazen

Dear Mr. Hazen,

I will have to check each label and give you an answer. Can you get me a chart with the registration numbers and the active ingredients? That would help.

Send me another E-Mail if you have not heard from me by next Monday.

Thank You,

Daniel B. Peacock, Biologist

Subject EPA-HQ-OPP-2006-0955

Hello Mr. Peacock,

Can you give me a better picture on how EPA-HQ-OPP-2006-0955 is going to effect 30629-17, 36029-20, 36029-23, and 36029-24? I don't believe 36029-17 and 36029-23 will be effected being Ag use baits? EPA-HQ-OPP-2006-0955 applies (if I understand correctly) to homeowner use bait equal too or less than a pound and labeled for indoor/outdoor use (as far as our labels are concerned). 36029-20 and 36029-24 are not considered to be "consumer use products" even though they are marked for homeowner use, they weigh more than a pound but not over 4, is not labeled for indoor use. Maybe I need to read EPA-HQ-OPP-2006-0955 again. Any and all information will be very helpful. Thank you for your time and have a great week.

Sincerely,

Blake Hazen
