Subject: August 14 Workgroup Meeting
Attachments: August14Agenda.docx

Considering everyone's input and some of the questions that have come up in the past couple days, I came to the conclusion that we could all benefit from keeping our meeting a face-to-face meeting on Monday rather than trying for a conference call. We probably won't go three hours, but I kept the time just in case. I have confirmed that renovations have started on the parking lot so I have re-attached the email from our last meeting reminding everyone of where they can park.

I have attached an agenda for Monday. Am working on materials. Will send those to you asap, or will have them for you on Monday.

I look forward to seeing all of you on Monday!

Subject: PA DEP BOL Parking Deck Renovations to Begin July 5, 2017

Good Afternoon, Renovations at the Bureau of Laboratories (BOL) are scheduled to begin July 5, 2017. The parking deck to the building will not be available for an estimated 2-3 months. Temporary parking is being provided at the Commerce Court Building, 2601 Market Place St which is the first right after the BOL entrance if traveling from Progress Ave. Temporary parking direction signs will be posted by the building management. A side walk has been constructed, entrance will be by card reader at the Vector Management Section door or through the cafeteria located on Market Place St. Building accessibility to the BOL Delivery Entrance, Mobile Lab Garage, and work in the Sample Receiving Area will only be available from 6:00 am-8:00 am and 3:00 pm- 4:00pm due to construction. Therefore, large deliveries and samples must be made at this time. This is required maintenance the building owner must perform and the BOL must be in operation 24/7.

Sample drop off Procedures at PA DEP Bureau of Laboratories during Parking Lot Renovation.

1) Samples can be dropped off at sample receiving area (current location) between 6 AM to 8 AM and 3 PM to 4 PM
2) If the sample delivery is missed between morning and afternoon window, samples can be dropped off at BOL alternate (side) entrance located on Market Place between 8 AM to 3 PM. Delivery between 8 AM and 3 PM is provided as an exception and should be not be the routine practice to minimize impacts on laboratory operations.
3) There will be signage showing parking/deliveries directions and a dedicated person available to allow entry during normal business hours.
4) No sample deliveries accepted after 4PM (or on holiday/weekends), even for those that currently have card reader access.
5) If samples delivery is missed by 4 PM, keep the samples at 4°C until next day delivery.

Additional Parking Information

When making the right into the parking lot, please make the first left into the lot and enter the first section; that entire first section on the left is reserved for BOL, going all the way back. Please do not park in the center or right sections of the lot as those parking areas are not for BOL staff, contractors, etc. to use. I have attached a diagram for reference.

All special utility vehicles/trailers used for field operations should be parked in the rear of our assigned section of the lot (i.e. beyond the red fire extinguisher) and all personal vehicles parked overnight by Commonwealth employees for an extended period due to being on extended assignment should be parked *closer* to the rear.

If questions, please contact Victor Nichols, vinichols@pa.gov
