Hi Lilian-

As a follow up from yesterday's meeting, I have reviewed ADEM's 3/31 letter, David Ludder's August 2013 letter, and OCR's RFI. As you already know, ADEM is requesting the clarification of footnote 1 in the acceptance letter which states the following : "Note that this issue was originally raised by David Ludder in August 2013."

I was checking to see whether the RFI spoke to that footnote in the RFI question concerning David Ludder's testimony before the United States Commission on Civil Rights. Based on my review of the RFI, it was not made entirely clear. (The testimony was in reference to David Ludder's 2013 inquiry to ADEM, but it does not explicitly connect the two activities within the preface of the question).

I know that you stated that you explained this to ADEM during that phone call, but it seems like some clarification needs to be provided. The question stands should this be communicated through a short response letter or if an email message can be simply channeled through Ken Lapierre.

Just let me know. Thanks.
