Hi Pam, Got the package. You mentioned that the model was difficult to understand. If you want, I can take a few minutes and explain how it works and the logic behind it. --JD

Good morning,

Email 1 of 2 for the final Labadie 316(a) variance request.

Thanks,
Pam

Pam Hackler

Subject: Labadie 316(a) Final Variance Request

Good afternoon Mr. Wieberg,

I have attached the Labadie Energy Center 316(a) Final Variance Request and supporting documents.

Please review these documents at your convenience and let myself or Craig Giesmann know if there are any questions you may have.

I will be immediately sending 1 more email containing the Demonstration Report Appendices that exceeded the file size of this email. Also, as a reminder, I sent Pam a link to each separate Reference on 3/11/2020 and 3/12/2020 but would be more than glad to send the links again, if needed.

Thank you,

Meghan Kohlbusch
