**Subject**: RE: 2003 Permit Modification Application Number

I've incorporated that suggestion into my edits that I just sent Kurt.

**Subject:** 2003 Permit Modification Application Number

Although the ADEM website was intermittently available last night and today, I reviewed many of the permitting documents online but was unable to find a permit application number related to the 2003 requested modification for the closure letter (statement below).

> Whether ADEM's failure to require the Tallapoosa County Commission to properly use the siting factors listed in the EPA June 2003 Title VI Investigative Report (EPA File No. ) in considering for approval the 2003 Permit Modification Application #---- for the Tallassee Waste Disposal Center (now known as Stone's Throw Landfill), located in Tallassee, T

The 2000 permit application for the site referenced the permit application number 62-05R; however, this number may have been associated with the former sanitary landfill and was later transition to the current permit number 62-11.

I suggest that the letter reference the permit number in the area of the application if you desire to include such information as I could not find a similar permit application number for the 2003 submission.
